

Risk area:

Trips and slips

Assessment performed by:	Project Director and/or Co Director preferably both
Workplace:	Harwes Farm Community Interest Company
Employer:	

Some Potential Hazards in this Risk Area	Estimated Risk Level			Some Useful Controls in this Risk Area	Action Dated
	High	Med.	Low		
1. Slips 2. trips			√ √ √ √ √	1. Health & Safety Policy	Apr 2015

If one of these hazards is identified in your school, please tick (✓) the level of risk, and indicate the date when any consequent controls were put in place. For additional hazards and/or control measures, please use the table below.

Additional Hazards Identified in this School	Estimated Risk Level			Control Measures to be Instituted	Action Dated
	High	Med.	Low		

				<ul style="list-style-type: none"> 3. All potential slips and trips are minimised. 4. Where there are spillages, the area is mopped straight away and a sign positioned at the spot to highlight potential slips. 5. As a farm environment uneven ground gives rise to trips and slips, however risks are minimised by wearing the correct footwear 6. Where there are potential trips these are highlighted in white paint outside (steps) to minimise the tripping potential. 	Apr 2015
